335i Manual Transmission Fluid Change

The BMW E90 manual transmission fluid is filled at the factory with lifetime fluid (green arrow). However, BMW does not define what the lifetime is. Therefore, it is a good idea to service your fluid every 60,000 miles. If you're unsure of the last service, replace the fluid as soon as possible. Doing so will extend the life of your transmission.

335i Manual Transmission Fluid - gardemypet.com

The transmission fluid for your BMW 3 Series provides the moving parts of the transmission with lubrication, cools the transmission, and is used to pressurize the transmission for shifting. Transmission fluid can break down inside the transmission due to excessive transmission temperatures or damage to other parts of the transmission. This may result in the fluid burning, and it may appear dark colored or have a burnt aroma.
