A Political Economy of Arab Education eBook by Mohamed ...

Economic reform is no mere technocratic exercise but a political process that gets to the heart of the division of spoils in a society. Economic reform and diversification have been catchphrases for at least two generations of Arab policymakers, especially during energy market bust cycles. But such reform efforts have consistently fallen short.

Arab Political Economy: Pathways for Equitable Growth ...

Understanding the political economy of regime consolidation helps one to understand the Arab revolts better than a simple focus on deprivation or economic success. In a way, the regimes succeeded in solving their immediate problems. They were accepted by the West as partners, and cast their domestic cruelty as an honorable fight against terrorism.

Understanding the Political Economy of the Arab Revolts ...

The Egyptian economy is mainly concentrated in mass tourism, oil, and metals and agriculture. Tourism is the first economic activity in terms of currency inflows followed by remittances from migrants. Economic shocks and political uncertainties make these inflows volatile and fragile.

Yousef Director and Senior Fellow, Brookings Doha Center, and Melani, Professor of International affairs, Harvard University.

The political Economy of COVID19 | UNDP in the Arab States

Toward a Political Economy of the Arab Uprisings (Part One) A framework to explain the Arab uprisings should provide an account of the socioeconomic and political evolution of the Arab republics that would explain both the persistence of autocracy until 2011 and its eventual collapse and should do so in a way that is empirically verifiable.

Toward a Political Economy of the Arab Uprisings (Part One)

The authors of The Political Economy of Education in the Arab World find answers in the authoritarian political economies that shape the architecture of national governance across the region. Presenting studies from North Africa and the Gulf region, as well as comparative perspectives from Asia and Latin America, they show clearly that efforts to improve education—and thereby enhance economic development and broaden the base of citizenship on which more stable and effective systems of ...

The Political Economy of Education in the Arab World

Rapid social, economic, and political change is endemic to the Middle East and is often more revolutionary than evolutionary in nature. In many ways, the entire political landscape of the Middle East has been transformed in the past decade in the realm of both international relations and domestic politics: The collapse of the Soviet Union, the end of the cold war, and the Iraqi invasion of
