Alesis M1Active 520

Alesis' Monitor One MK1's are a set of passive studio monitors. They're designed for any application in the studio, but you'll probably find these more in home studios than you would professional studios, or at least you won't find them as your main near fields in a pro studio. Since the monitors are

Online Library Alesis Mk1 User Guide

passive, they'll require an external power amplifier.

Alesis has been creating studio monitors for nearly a quarter century. In that time, they've learned a thing or two about optimizing sound and sonic clarity. Built using technology adopted from Alesis' award-winning Monitor One and M1Active professional studio monitors, the M1Active 330 USB Desktop Studio Monitors are the perfect way to upgrade
