Apollo 13 movie Flashcards | Quizlet

Although the film received a PG upon its release it most likely rated so because of its historical basis and the MPAA probably wanted to give it a family friendly rating so kids could know of Apollo 13's place in American history.in reality this film has far too much language for a PG rated film even by 1990's standards, and this is not recommend for kids under the age of 12.

Parents Guide - IMDb

Astronauts Lovell, Haise and Swigert are on Apollo 13. People aren't worried about this expedition because the people already made it to the moon safely and had came back alive. That's not the point when things go very wrong and the hopes of coming back alive starts to fade. This is a very good film.
