13. Strategic Plan Guide - LinkedIn SlideShare

Strategic planning in health care organizations involves outlining the actionable steps needed to reach specific goals. While there are different strategy types and levels, the purpose of all strategies is to bring an organization's actions into alignment with its stated mission or values. Today, health care providers require more patient-centric, value-based approaches, whereas many of their current systems follow older, more traditional strategy models, according to Becker's Hospital ...
