ADVERTISEMENTS: During recent years, displacement of tribals has drawn the attention of several scholars. It is estimated that development schemes like dams, mines, industries and various projects have resulted in the displacement of about 40 per cent tribals between 1951 and 1991. The illiterate and powerless tribals have been compelled to leave their resource-rich regions [...]

Displacement and Resettlement of Tribals

Resettlement studies have demonstrated that the displaced people are seldom the beneficiaries of projects that promise development for all. The World Commission on Dams (2000) found that those who receive the benefits (usually urban dwellers, commercial farmers, industries and others) are typically not the same groups that bear the social costs.
