Erp Implementation Framework The Case

An implementation framework is designed so that the research questions can be studied systematically. Based on a literature review and a survey study on five organizations, a list of 17 CSFs are identified as important in ERP system implementation in Ethiopia. Based on the survey result an interview guide is prepared for three case organizations. The interview result shows that all the 17 CSFs have significant influence on ERP implementation.

[PDF] ERP Implementation Framework: The Case of Ethiopia ...

Four ERP implementation case studies you can learn from. 2nd August 2017. Because of high degrees of complexity associated with large-scale ERP installations, over time the proportion of successful, versus failed outcomes tend to become fifty-fifty propositions from a business case perspective.
