How Do They
Compare? -

CoinCentral

With ETH it was pulling about 600 mh/s ~\$30 in a day. With ZEC is pulling about 850 mh/s ~\$130 in a day. Now with less people mining ETH it should probably be mining ~\$45 today. Eventually they will even out, making it harder for us to choose.

MINING — Ethereum Community Forum

Step 1: Download the miner. Unpack the archive anywhere on your computer. In the folder that contains the miner, you should create a file with .bat extension. You can do this in any text editor (for example, Notepad). When you save the file, it's important to choose 'All Files' as a file type, not 'txt'.
