Like “In bodies, a movement anywhere will send out a wave of response through the structure: the whole body participates, and the better organized it is around the skeletal core, the more ...

Expressive Movement Quotes by Alexandra Pierce

The Body Action and Posture Coding System (BAP) integrates several coding approaches to study emotion expression by using a multilevel (anatomical, form and functional) coding system (Dael, Mortillaro, and Scherer 2012). The anatomical level is used to specify which body parts are concerned by a movement or a communicative intent.
