International Economics 6th edition (9780321162076 ...

Overview. Description. International Economics, the best-selling textbook in the field, is written by two of the world's preeminent economists. Both the real trade portion of the book and the monetary portion are divided into a core of chapters focused on theory, followed by chapters applying the theory to major policy questions, past and current. The Sixth Edition has been thoroughly revised to reflect the changes of today's global economic landscape, including the unprecedented expansion of ...
