Coronavirus | Joint Commission International

The unannounced full survey is a key component of The Joint Commission accreditation process. "Unannounced" means the organization does not receive advanced notice of its survey date. The Joint Commission began conducting unannounced surveys on January 1, 2006. Surveys occur 18 to 39 months after the organization's previous unannounced survey.

Joint Commission - Wikipedia

The survey team comprises industry peers who follow a consultative (rather than an inspective) approach in conducting the on-site survey. In addition to interviews of staff, persons served and their families, the surveyors observe organizational practices, review appropriate documentation, answer questions, and suggest ways to improve the provider's operations and service delivery.
