Founded in 1920, the NBER is a private, non-profit, non-partisan organization dedicated to conducting economic research and to disseminating research findings among academics, public policy makers, and business professionals.

National Bureau of Economic Research | NBER

There is no difference in meaning between labor and labour. Labor is the preferred spelling in American English, and labour is preferred throughout the rest of the English-speaking world. One exception: In Australia, the American spelling is used in reference to the Australian Labor Party. In all other contexts, Australians use labour. This idiosyncrasy results from the influence of the American labor movement on the founders of the Australian Labor Party.
