### THE HOLY GRAIL OF TONE - Zoom GFX-707

I bought the Zoom GFX-707 off of ebay.co.uk, for £37.50. I have been playing guitar for about 4 months, and i thought it would be a good idea to buy a pedal. They normally retail for about £100 so i got a good deal. It has so many different effects, and a built-in drum machine. Its great for jamming, and the patches are easily editable.

### User reviews: Zoom GFX-707 - Audiofanzine

Zoom. Live performance multi-effect processor Built-in drum machine with 46 PCM rhythm patterns in all modern styles Expression pedal controls volume, wah, sampler and other effect parameters. It has an expression pedal 6 foot switches. It has firmware version 2.0 already loaded in. I've barely used it, and I find myself playing more with the acoustic guitar than my electric. Brand new on eBay, they sit around the \$449 mark, save yourself some money and purchase this instead. Comes with box, manual, and charger.
