South America has an area of 17,840,000 km<sup>2</sup> or almost 11.98% of Earth's total land area. By land area, South America is the world's fourth largest continent after Asia, Africa, and North America. South America is almost twice as big as Europe by land area, and is marginally larger than Russia.

South-up map orientation is the orientation of a map with south up, or at the top of the map, amounting to a 180-degree rotation of the map from the standard convention of north-up. Maps in this orientation are sometimes called upside down maps or reversed maps.. Other maps with non-standard orientation
