In the Pages panel, double-click the icon for the master you want to edit, or select the master page from the text box list at the bottom of the document window. The master spread appears in the document window. Make changes to the master. InDesign automatically updates any pages using that master.

Learn how to use master pages in InDesign

To do this, I double-click on the A-Master icon in the Pages panel (Window > Pages). This is a two-page Master as the document has been set up with facing pages; clicking on either the left or right page of the Master will bring up the full spread on screen. Step 2. Now you're ready to start editing your Master!
