The restriction on voting was abolished in 1893 and replaced with plural voting. This was applied for elections from 1894 to 1919 as a way to limit the impact of universal suffrage. Every male citizen over 25 got one vote for legislative elections, but some electors got up to two supplementary votes according to some criteria:

One of the basic tenets of democracy is that each person has one vote. In practice, state laws vary regarding the definition of "voting more than once" and particularly what happens if a voter casts a ballot in more than one state. The Definition of Double Voting Most commonly, states prohibit voting more than once "in the same election."

Some "multiple-winner" systems may have a single vote or one vote per elector per available position. In such a case the elector could vote for Bob and Charlie on a ballot with two votes. These types of systems can use ranked or unranked voting and are often used for at-large positions such as on some city councils.
