Critical Reading and the Importance of Questioning

Select the content for questioning. Choose material which you consider important rather than trivial. Students will study and learn based on the questions you ask. Do not mislead them by emphasizing less important material. Ask questions that require an extended response or at least a "content" answer.

Questioning Strategies - CITL

Type III questions take students to the level of critical or even, so to speak, skeptical reading by teaching them to ask tough questions about the author's position, decisions, biases, or agenda. I appreciate skeptical readers in class because they are constantly evaluating instead of only trying to understand.
