Samsung Tv Guide No Information

I have a Samsung UE40KS100 Jolli and since I've moved the screen into a different room in the house, the TV guide shows 'no information' for all channels . I've reset the screen and run the initial setup again and this didn't work . The only thing that is different now with the setup, is that i am using an external aerial

Solved: Samsung UE40KS100 Jolli - TV guide not showing ...

It sounds like it might be some sort of communication error between the update and your cable/satellite provider, so if Samsung is unable to correct this in the moment, I'd suggest contacting your cable/satellite company directly to see if a work around is available.

Solved: Samsung Smart TV - Guide stopped working after lat ...

To correct the issue of the guide showing no data, please perform the following: Unplug the power cord and unscrew the coaxial cable from the back of the box. After waiting for at least 10 seconds, screw the coaxial cable back onto the box, followed by plugging in the power cord. Note: It could take 5 to 15 minutes until the guide can provide listings for the current hours, and up to 60 minutes before it can provide listings for the next 36 hours.

Why Does the Guide Have No Information? - Sparklight Support

Unplug TV with TV on (this clears the TV cache memory) I eaving it unplugged for 1 minute. Plug TV back in. Press guide which will ask you to set the time and date. Set time and date. Press guide again and hopefully your guide will display, like mine did. By the way, I love the chat feature on Samsung's site. <https://www.samsung.com/us/support/contact/>

Solved: Samsung Smart TV - Guide stopped working after lat ...

One is that the Samsung's channel guide is showing no information (it has now for four days, before that it was working). Also, Netflix will not load and Amazon Prime was not loading, but it worked...

Missing TV Guide information. If you're having problems with the TV Guide, it could mean your device isn't receiving the correct signals needed to populate it. To fix this the best options are to restart or retune your device - see our guides on how to do this in the related content section below.

Missing TV Guide information | Freeview

For about the first month or two, when the INFO button was pushed, the TV would display program information (i.e. the name of the show being shown on the selected channel). And then one day I turned the TV on and it was (and still is) displaying "No program information" instead of displaying the name of the currently displayed program.
