SDL Trados Studio - A Practical Guide

SDL Trados Studio uses a system for tracking changes that will be familiar to you if you have used the Track Changes feature in MS Word and that works in more or less the same way. Track Changes is a useful feature for translators reviewing their own work or exchanging information about review changes in the SDLXLIFF with a reviewer.

Tracking your changes - SDL Trados Studio - A Practical Guide

1. If you are a Trados user, you know that the software comes with a free help file that discusses at length all practical issues, related to its usage. In my opinion Andy Walker's book adds little, if anything, to the information presented
