beginnings of a shift. Some of the essays are critical surveys of what is still being purveyed as factual and veridical knowledge about India and Hinduism. These are often startling and shocking to the Indian reader, but serve the useful purpose of benchmarking the state of current Western ‘knowledge’ about India.

The third step of spell breaking is all about observing the behavior and power of the spell you’re under. Observation is the way in which you put conscious distance between you and the power of the spell. You want to note what circumstances or what relationship dynamics activate your receptivity to the power of the spell.

Spell Breaking and Spell Casters - Caroline Myss

In the wake of the coronavirus pandemic, countries had imposed severe restrictions to contain the infections but with the global economy being battered, lockdowns were gradually eased. This has changed the very way we work. Shifting dynamics

How coronavirus has changed the way we work forever ...

Group dynamics is a term coined by Kurt Lewin, a social psychologist. He observed that people who work in groups usually adopt certain behaviours and roles. Group dynamics refers to the impact those behaviors and roles have on other group members, as well as the group as a whole. Groups with good dynamics have several characteristics.
