stack of membranes in the cell that modifies, sorts, and packages proteins from the endoplasmic reticulum. Hypertonic solution, in cells, solution in which the concentration of dissolved substances outside the cell is higher than the concentration inside the cell; causes a cell to shrink as water leaves the cell. Hypotonic solution.

Study 102 Terms | Biology Exam Study... Flashcards | Quizlet

Biology is the study of living things. It encompasses the cellular basis of living things, the energy metabolism that underlies the activities of life, and the genetic basis for inheritance in organisms. Biology also includes the study of evolutionary relationships among organisms and the diversity of life on Earth.

Introduction to Biology - CliffsNotes Study Guides

This study guide was devised to enable students to review the basic biological concepts that they may need in preparing for the Biology Exit Assessment. It is not intended to be a comprehensive course in biology. The study of biology as in all sciences contains investigations and activities that are integral parts of the courses.
