Myth: The Adult Brain Cannot Form New Connections For many years, brain scientists were certain that the brain could not make new nerve cells to replace lost ones. But in the mid-1990s, researchers began to see evidence that indeed the brain can produce new nerve cells in some areas of the brain related to memory — a process called neurogenesis.

Dismantling Those Myths of Maturity » Brain World

The myth of maturity is the belief that no one should engage in ministry until they are "mature." The myth of maturity convinces people that "they don't pray enough, aren't mature enough, don't know enough bible verses, have too many past sins, or are too young" to help make disciples of Jesus.

The Myth of Maturity - Jonathan Andersen

The myth of maturity: understand why your company is ready for self-management A new movement is emerging. They are evolutionary, responsive organizations, free or organic companies. Regardless of how you want to call them, they share some common characteristics, such as evolutionary purpose, transparency, autonomy, wholeness, and self-management.
