Evidence about dress becomes plentiful only after humans began to live together in greater numbers in discrete localities with well-defined social organizations, with refinements in art and culture, and with a written language. This happened first in the ancient world in Mesopotamia (home of the Sumerians, Babylonians, and Assyrians) and in Egypt.

By John S. Major. Source. Chinese clothing changed considerably over the course of some 5,000 years of history, from the Bronze Age into the twentieth century, but also maintained elements of long-term continuity during that span of time. The story of dress in China is a story of wrapped garments in silk, hemp, or cotton, and of superb technical skills in weaving, dyeing, embroidery, and other textile arts as applied to clothing.

The French Revolution and the Industrial Revolution changed the dress code for men and women not only in France. From the early Victorian era, there was a decline in the wearing of bright colours and luxurious fabrics by men, with a definite preference for sobriety of dress.

### **Men's skirts - Wikipedia**

The history of Eastern dress Western-style clothes, which many people find convenient to wear during business hours, are now a common sight in many large cities of eastern and southern Asia. This is particularly so in Japan, which since 1945 has built a reputation as an international fashion centre.
