Stuart Mill

Utilitarianism, by John Stuart Mill, is an essay written to provide support for the value of utilitarianism as a moral theory, and to respond to misconceptions about it. Mill defines utilitarianism as a theory based on the principle that "actions are right in proportion as they tend to promote happiness, wrong as they tend to

John Stuart Mill

John Stuart Mill's book Utilitarianism is a classic exposition and defence of utilitarianism in ethics. The essay first appeared as a series of three articles published in Fraser's Magazine in 1861; the articles were collected and reprinted as a single book in 1863. Mill's aim in the book is to explain what utilitarianism is, to show why it is the best theory of ethics, and to

Stuart Mill 1: General remarks
The difficulty can't be avoided by bringing in the popular theory of a natural moral faculty, a sense or instinct informing us of right and wrong. For one thing, the 'criterion' dispute includes a dispute about whether there is any such moral instinct. And, anyway, believers in it ...

Modern Texts

The Classical Utilitarians, Jeremy Bentham and John Stuart Mill, identified the good with pleasure, so, like Epicurus, were hedonists about value. They also held that we ought to maximize the good, that is, bring about 'the greatest amount of good for the greatest number'. Utilitarianism is also distinguished by impartiality and agent-

John Stuart Mill

The ethical theory of John Stuart Mill (1806-1873) is most extensively articulated in his classical text *Utilitarianism* (1861). Its goal is to justify the utilitarian principle as the foundation of morals. This principle says actions are right in proportion as they tend to promote overall human happiness.
